

# No More False Alarms

with

We add artificial intelligence to your cameras to make them smart. Train your security system to eliminate false alarms with CAM-AI.

Explore the World of CAM-AI!

## Individual Surveillance

### State of the Art AI

Easy access to latest technologies:

EfficientNetV2,  
Tensorflow Deep Learning

### Individual Training

10 pretrained categories

Individual training &  
category definition

### Smart Alarms

Mobile web app

Individual Smart Home  
Alarms for Shelly, Philips  
Hue & more Plug-Ins

### Technology Open

Automated camera  
installation (IP / ONVIF),  
DVR compatible  
Specialized in connecting  
individual APIs

## Why Choose Us?

Surveillance cameras and DVRs come with a standard set of features. However, these do not always match individual circumstances or use cases. Let CAM-AI boost your surveillance!

- ✓ Measurable Success Rate
- ✓ Highly Customizable
- ✓ Cutting Operating Costs
- ✓ Scalable Server Setup
